

## Privacy Policy

This policy outlines our ongoing obligations to you in respect of how we manage your Personal Information.

We have adopted the Australian Privacy Principles (APPs) contained in the Privacy Act 1988 (Cth) (the Privacy Act). The APPs govern the way in which we collect, use, disclose, store, secure and dispose of your Personal Information.

A copy of the Australian Privacy Principles may be obtained from the website of The Office of the Australian Information Commissioner at [www.oaic.gov.au](http://www.oaic.gov.au).

### What is Personal Information and why do we collect it?

Personal Information is information or an opinion that identifies an individual. Examples of Personal Information we collect include: names, addresses, email addresses and phone numbers.

This Personal Information is obtained in many ways including by interviews, correspondence, telephone, by email, via our website <https://farmingforthefuture.org.au/>, from media and publications, from other publicly available sources and from third parties. We don't guarantee website links or policy of authorised third parties.

We collect your Personal Information for the primary purpose of providing our services to you, providing information to our stakeholders and marketing. We may also use your Personal Information for secondary purposes closely related to the primary purpose, in circumstances where you would reasonably expect such use or disclosure. You may unsubscribe from our mailing/marketing lists at any time by contacting us in writing.

When we collect Personal Information we will, where appropriate and where possible, explain to you why we are collecting the information and how we plan to use it.

### Third Parties

Where reasonable and practicable to do so, we will collect your Personal Information only from you. However, in some circumstances we may be provided with information by third parties. In such a case we will take reasonable steps to ensure that you are made aware of the information provided to us by the third party.

# FARMING FOR THE FUTURE

## Disclosure of Personal Information

Your Personal Information may be disclosed in a number of circumstances including the following:

- Third parties where you consent to the use or disclosure; and
- Where required or authorised by law.

## Security of Personal Information

Your Personal Information is stored in a manner that reasonably protects it from misuse and loss and from unauthorized access, modification or disclosure.

When your Personal Information is no longer needed for the purpose for which it was obtained, we will take reasonable steps to destroy or permanently deidentify your Personal Information.

## Access to Personal Information

You may access the Personal Information we hold about you and to update and/or correct it, subject to certain exceptions. If you wish to access your Personal Information, please contact us in writing.

Farming for the Future will not charge any fee for your access request, but may charge an administrative fee for providing a copy of your Personal Information.

In order to protect your Personal Information we may require identification from you before releasing the requested information.

## Maintaining the quality of your personal information

It is an important to us that your Personal Information is up to date. We will take reasonable steps to make sure that your Personal Information is accurate, complete and up-to-date. If you find that the information we have is not up to date or is inaccurate, please advise us as soon as practicable so we can update our records and ensure we can continue to provide quality services to you.

## Policy Updates

This policy may change from time to time and is available on our website.

## Privacy policy complaints and enquiries

If you have any queries or complaints about our Privacy Policy please contact us at [hello@fft.org.au](mailto:hello@fft.org.au)

## About us

Farming for the Future is a research and change program initiated by the philanthropic foundation, the Macdoch Foundation. This program is supported by a multidisciplinary research team of scientists and farm advisors led by the team at Integrated Futures

The team at Farming for the Future acknowledges and pays respect to the past, present and emerging Traditional Custodians and Elders of the land, as well as the continuation of cultural, spiritual and educational practices of Aboriginal and Torres Strait Islander peoples.
